DIRTcar officials also confirmed the 2017 tire plan outlining a 12-month conversion with specific approved tires for the 2016 Florida Tour;

2017 Tire Rule information:

- All 2017 Florida races including DIRTcar Nationals, the approved tires shall be: A40-S compounds in the DIRTcar plated tire 26.5/8.0/15 or 27.5/8.0/15. The maximum width of the tire will be 9" inches.
- The H40 Compound is approved as a right rear option.
- NO GROOVING allowed.

Note: The 2017 regular track season will introduce M-30S, with a redesigned tread pattern. The A-40S and the M-30S will be the only approved tires. The H40 is approved as a right rear option. Grooving and siping will NOT be permitted on the M-30S. Grooving is not permitted on any tire.

ADDITIONAL 2017 Notice:

Effective with the first 2017 event

- Only approved wheel cover discs will be permitted.
- Wheel discs shall be fastened to the wheel using a minimum of three (3)- 5/16 **or** 1/4 inch diameter magnetic steel hex head bolts.
- The use of wheel discs with any other type of fastener will not be permitted.
- As an option a wheel cover with minimum of (5) five steel Zeus fasteners mounting points may be approved.
